WHAT BRINGS US TOGETHER TONIGHT

To mark Marie-Vincent's 50th anniversary, two of our flagship benefit events are coming together tonight at L'Olympia in a historic celebration.

Marvin on the Rock, co-presented by Fasken and MNP, remains a highlight: a benefit show where business leaders take the stage to deliver performances that are as bold as they are inspiring.

Ombre, initiated by the Marvin's Circle and presented by Croesus, transforms the evening into a vibrant, festive, and engaging space, a place for connections, networking, and celebration.

Tonight, behind every performance, every encounter, and every smile, there is a shared spirit: one of courage, generosity, and hope. One that reflects the path we have traveled over the past 50 years, and the path we will continue to shape together.

Thank you for being here to shine a light on this collective commitment that changes lives.

Photos will be taken throughout the event. If you do not wish to be photographed, please inform a volunteer on site. They will make sure to notify our team.

OUR COMMITMENT

Marie-Vincent has recognized expertise in the field of sexual violence against children and adolescents. **Under one roof, we bring together police, medical, psychosocial, and therapeutic services** to provide comprehensive support to young victims and their families.

We also act proactively: **by preventing** sexual violence, including online sexual violence and sexual exploitation.

Our **programs on education** about healthy sexuality and egalitarian relationships promote the development of a culture of respect and consent.

Finally, each year we provide tools and training to **thousands of professionals** working in education, the justice and social services sectors, health, and community organizations across Québec.

In 2024-2025:

6,000

professionals from various sectors trained across Québec

87

Since 2011, the Marvin's Circle has raised over \$500,000 through various initiatives, including the Ombré evening, which brings the business community together to support young victims.

"It feels completely natural for me to get involved with the Marie-Vincent Foundation, as the cause of youths is particularly close to my heart. In addition to serving on a school board, I also co-founded an organization whose mission is to raise awareness about the hypersexualization of young women. For these reasons, I want to dedicate myself to supporting vulnerable youth. The mission of Marie-Vincent is essential in a society where these needs are so pressing."

REGAINING HOPE

The treatment offered at Marie-Vincent is based on the latest practices and is recognized for its high effectiveness. Following treatment, young people have been shown to have:

- Improved self-esteem
- Fewer symptoms of anxiety
- Fewer symptoms of depression
- Fewer symptoms of post-traumatic stress, including a reduction in avoidance strategies, feelings of guilt, and symptoms of dissociation.

80% of children say they really enjoyed therapy at Marie-Vincent.

"Because here, you can say anything, the person who will be with you will understand you and believe you."
